

Our certificate is your key to success

BS25999 by BSI (IRCA Certified Course) **Business Continuity Management Systems**

Course Description:

BSI's "BS 25999 Lead Auditor" course provides students with the skills and knowledge to conduct and lead effective business continuity management system audits in accordance with the requirements of BS 25999-2:2007 and ISO 19011:2002, "Guidelines for Quality and/or Environmental Management Systems Auditing." The course explains the principles and practices of independent auditing for a business continuity management system and guides students through the entire audit process, from managing an audit program to reporting on audit results. Students will gain the necessary auditing skills through a balance of formal classroom tutorials, practical role-playing, group workshops, and open forum discussions.

Learning Objectives:

- Upon completion of this course, students should be able to:
- Lead an audit of a business continuity management system
 - Carry out an audit of a business continuity management system
 - Clarify the different purposes of BS 25999 Part 1 and Part 2
 - Explain the requirements of BS 25999-2:2007
 - Understand the Business Continuity Management Code of Practice BS 25999-1:2006
 - Articulate and present audit findings
 - Manage successful audit communication and interviews
 - Write a succinct audit report
 - Conduct opening, closing, and follow-up audit meetings

Who Should Attend:

Existing lead auditors in other schemes

- Business continuity professionals (BCI, DR11)
- Consultants
- Business Continuity Managers
- IT Managers
- Information Security Professionals
- Internal and external auditors responsible for auditing business continuity practices
